FOUND STRANGLED.

Dead Wife Discovered Beneath Floor of Gotham Apartment.

New York.—Mrs. Agnes Anderson, a pretty young woman, was found strangled to death beneath the flooring of a room in an apartment house at 174 West Ninety-fourth street. Her husband moved from that place a few days ago.

In the room Anderson had occupied there was no sign of the crime, but about the woman's neck was a tightly wound cord.

According to neighbors, Anderson left the place saying that his wife had quit him forever.

Hon. J. W. Kelsoe Announces.

In this issue of The Clipper appears the announcement of Hon. J. W. Kelsoe for Representative from Coffee County in the Legislature.

Mr. Kelsoe is one of our best known citizens, residing in beat 8. He is a fine farmer, had devoted much time to work for the advancement of the farming classes, and is an enthusiast for public education. As a trustee of the one of the best county schools in the county, as a state officer of the Farmers' Union, as a member of the County Board of Education, he has labored for the enhancement of school interest and for the betterment of school conditions.

Mr. Kelsoe is a speaker of charm and force, and his gift has been devoted to uplift movements. If elected to the legislature from Coffee he will be a creditable representative. He is popular and starts in the race with good support and will be a strong candidate.

On next Friday evening at the Auditorium, the people of Elba will have the opportunity of hearing Troy's eloquent orator, Prof. Edgar M. Wright. Prof. Wright has been for a number of years recognized as the most tactful and interesting speaker in the state. His wonderful flow of language, his brilliant illustrations, his ardent imagination, his enchanting voice and clear enunciation make him the most interesting speaker I have ever heard.

His lectures are in constant demand. He has filled number of Chautauqua dates from the North to the South. I hope that the people will avail themselves of this opportunity of hearing this distinguished gentleman. You may never have the chance again. No admission charge.

Yours truly,
Grover C. Bowden.

NOTICE OF PRIMARY ELECTION.

State of Alabama
Coffee County

Notice is hereby given that a primary election will be held by the Democratic Party of Coffee County, Alabama, on the 19th day of March, 1910, in the several precincts and voting places in Coffee County, Alabama, for the purpose of nominating (1) a candidate for the office of Probate Judge of Coffee County, (2) a candidate for Sheriff of Coffee County, (3) and a candidate for Clerk of the Circuit Court of Coffee County. Said Democratic Primary Election will be held under the Primary Election laws of the State of Alabama, and the rules and regulations prescribed by the Democratic County Executive Committee of said County of Coffee.

Given on this the 14th day of February, 1910.

J. A. Carnley,
Chmn. Dem. Ex. Com., Coffee Co.

S. P. Kennedy, of Calhoun County, For Associate Railroad Commissioner.

Dear Sir:

I am a candidate for Associate Railroad Commissioner, subject to the action of the Democratic Party, and I herein set out the qualifications that I believe to be sufficient to justify my becoming a candidate.

A DEMOCRAT.

I am a Democrat and have been from my majority, having served my party on all occasions, which fact is well known in my home County, and my candidacy is unanimously endorsed by my home County, and Congressional Democratic Executive Committee; embracing the Counties of Calhoun, Cleburne, Talladega, Shelby, Chilton and Dallas.

THE CONSTITUTION

Section 248 of the Constitution of Alabama has conferred upon the Legislature the authority and obligation to regulate railroads, canals and rivers, and enjoined upon it the duty of promulgating reasonable and just freight and passenger tariffs, correcting abuses and preventing unjust discrimination. The Legislature, acting under this authority, has enacted various laws, the purpose of which are to carry out the duties laid upon it.

THE RAILROAD COMMISSION.

Of these laws there are those creating a Railroad Commission vesting it with authority and power to do those things which the Constitution empowers the Legislature to do, and among these is the power to MAKE RATES. This is a great responsibility.

THE CITIZENS.

Citizens of this State pay to the transportation companies thirty five million dollars annually, and it is but just to these consumers of transportation that they be properly protected from exorbitant rates and unjust discrimination. Indeed the very life of business is dependent thereon.

THE TRANSPORTATION COMPANIES.

The transportation companies of this State, with a mileage of main line, second track and sidings of 6,000 miles, with a value of one hundred and fifty million dollars and a present annual gross earning capacity of thirty-five million dollars, are business interests of the State, second to none, and the protection of these interests is as vital to the citizens of the State as the protection of any other interest can possibly be.

THE PRICE.

The welfare of these interests (the business interests purchasing transportation, and the railroad's selling transportation) is dependent upon a reasonable PRICE to be paid for such transportation.

THE RAILROAD COMMISSION NAMES THE PRICE.

The Railroad Commission of Alabama names the price. This being true, I submit that the interests of both buyer and seller are best served if the Railroad Commission has a member who is familiar with RATE MAKING, and whose experience will be the very greatest advantage to the Commission in determining what are just and reasonable rates.

EXPERIENCE ESSENTIAL.

All business enterprises needing the services of one to conduct its affairs seek a man of experience. Should not a Board of rate makers have at least one member who has knowledge and experience

Moody And Jelks Will Support Mallory.

Birmingham, Feb.—The State political situation took another turn today, showing that the late fight over the constitutional amendment can not be made on issue in the present campaign.

State Senator Moody, of Tuscaloosa, one of the strongest and most conservative men in the state and one who fought against the amendment came out for Hon. H. S. D. Mallory for Governor.

Ex-Governor Jelks, also a staunch anti-amendment, has come out openly for Mr. Mallory for Governor. He makes a statement in which he says that he is opposed to turning the State Government back over to the saloon regime, intimating that this would be the state of affairs if Mallory is not elected.

Other developments are expected soon. Meanwhile both the forces of Mr. Mallory and Mr. O'Neal are busy for their respective candidates.

A SQUARE DEAL.

I have always advocated the proper and just control of common carriers, and if elected to the office to which I aspire, I believe that my experience, coupled with my ardent desire, will enable me to contribute largely in establishing a most cordial relationship between patron and carrier, which can only be done by showing to both what is justly due to each, and insisting most firmly upon dispensing this justice.

I shall be most grateful for your support.

Yours truly,
S. P. Kennedy.

In this issue of The Clipper appears the announcement of Maj. T. J. Carlisle of Enterprise for Representative. Maj. Carlisle needs no introduction at our hands, being well known all over the county. He takes a live interest in the welfare of the old soldiers and window, and is a leader in the U. C. V. in Alabama. Maj. Carlisle devoted the years of his young manhood to service of his country first in the army and then in educational work; as long as his health would permit he was one of the State's best teachers, and thousands of the most useful of Alabama's men and women are former pupils of his.

A REIGN OF TERROR

Many Reported Killed in Riots at Canton, China.

MUTINY AMONG TROOPS

Disaffection is spreading and it is feared that a condition of affairs is imminent as serious as the Boxer troubles of a year ago.

London.—Dispatches received from Canton declare that that city is in a reign of terror; that 500 persons have been killed in riots; that 6,000 of the foreign drilled troops have mutinied and disaffection is spreading rapidly.

The foreign residents are in danger and reinforcements have been rushed to the authorities. It is feared that the trouble, which so far has been confined to troops, will spread to the populace, which is already restive, and the result will be an outbreak second in seriousness only to the Boxer troubles of a decade ago.

Fighting in several quarters of the city has been reported, particularly near the eastern gate. When the authorities believed the trouble to be quelled the fighting was resumed with more seriousness. The effect forbidding foreigners to enter the city is strictly enforced. Many foreigners have gone from their quarters outside the city to Hongkong.

Women Suffer Agonies from Diseased Kidneys

And Most Women Do This Not Knowing the Real Cause of their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of their sex." Usually the kidneys and bladder are responsible—or largely so. And in such cases, the kidneys and bladder are the organs that need and must have attention.

Those torturing, enervating sick headaches, dragging pains in back, groin and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness and constant tired, worn-out feeling—are almost certain symptoms of diseased and diseased kidneys, bladder and liver.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demonstrated as remarkably beneficial in all such conditions of female organism—affording the most prompt relief and permanent benefit.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble, and that she is now well—and that these Pills are what cured her. They are very pleasant to take and can in no case, produce any deleterious effects upon the system—no griping, no colic, no liquid stool. Do it today.

Judge C. C. NeSmith

Endorsed For Chief Justice of the Supreme Court.

To the Democratic Voters of Alabama: Hon. C. C. NeSmith, Judge of the City Court of Birmingham, having announced his candidacy for Chief Justice of the Supreme Court, at the instance of many members of the Bar of Alabama, we, the undersigned members of the Jefferson County Bar, in view of our peculiar knowledge and interest, submit the following statement touching his qualifications for that high office.

He was born and reared in Alabama. He is a son of a distinguished lawyer. He is a graduate of the University of Alabama.

He began the practice in Lamar County, immediately after his graduation, and soon became recognized as one of the leaders of the law and men of affairs. He was elected a member of the Constitutional Convention in 1901, he served in that body with fidelity and distinction, and in particular as a member of the Legislative and Judiciary Committees.

Elected in 1902 to State Senate, and with eminent lawyers, he rendered valuable aid in putting the new and untried Constitution into operation.

Upon adjournment of that Legislative body, Judge NeSmith moved to Birmingham, and immediately began the practice of law.

On January 7th, 1907, he was appointed temporary Judge of the City Court of Birmingham.

On February 28th of the same year, he was elected by the Legislature to a regular judgeship of the same Court, and performed the duties of the office with such satisfaction to the members of the Bar and the people of Jefferson County that in 1908, and now, standing his brief residence, he was regularly elected to his present position as Judge of the City Court for the full term of six years, receiving in the primary an exceptionally heavy vote, though opposed by two other prominent and popular competitors for that office.

Since his election he has continuously discharged the onerous and exacting duties of his office with eminent success and marked ability and to the unqualified satisfaction of the profession and the people of Jefferson County. Vigorous in mind and body, experienced as a lawyer, legislator, constitution-maker and judge, he is thoroughly equipped for service on the Supreme Court Bench of this State. Quiet and reserved in manner, a student of the law and men of affairs, firm, yet courteous; of impressing dignity as a presiding judge; of strong convictions yet open-minded to the reception of truth; instinctively just and appreciative of the rights, he possesses the temperament and natural dignity which have characterized the eminent men who have enjoyed the honor of presiding over that Court.

A good citizen and a good husband, a good father and a home lover, we assert with the utmost confidence that he will fill the high office of Chief Justice with ease and with distinction; and that he will win and enjoy the cordial friendship and fellowship of the able and distinguished justices of the Court, associated with him in the difficult work of that tribunal.

Brockton, Route 2.

BY HUSTLER.

The storm that reached this section from the northwest Thursday afternoon, was very destructive. In all parts of the county much damage to timber and fencing was done, and as a consequence some extra log-rolling is being done on a number of places. The rain came down in torrents and the fields are washed badly.

Farmers about here are very busy just now. Some are buying new mules and red wagons, others are hauling fertilizer, breaking land, etc., and if something don't happen, it is very likely that we will have a big one this year. A big crop at 80 we expect—maybe a little bread and pork.

The candidates and Halley's comet are the topics of discussion these days, but we are not caring much about either just now.

Hon. S. N. Nolin gave us that long promised oyster supper Friday night. There was a big crowd present and it was a big supper. Some of the candidates were with us, they came in good too I tell you.

Mrs. C. R. Talbot, of this place, has been very ill again recently.

A very sad death occurred at this place Friday. The three-year-old girl, Grace, daughter of Mr. and Mrs. C. L. Rowe, was burned to death. Her clothing caught from a fire in the fire place while all the large members of the family were out some distance from the house, and she was fatally burned before they could reach her. She died Friday night and the burial took place at Woodland Grove cemetery Saturday afternoon. Rev. D. P. Lee, of Elba, conducted the funeral services. The grief-stricken family have our sympathy in their sorrow.

The singers are invited to meet with us at Mt. Zion next Sunday afternoon at 1 o'clock, to organize a singing society at the place for this year. A good attendance with plenty of new revised Sacred Harps is what we desire.
